

# User needs

As a...	I want to...	So that...
language learner	Add sentences to the app	Store sentences that I want to remember and practise later
	Be able to practice sentences on the app	I can learn phrases in another language
	Edit phrases I have stored on the app	I can change the details if I have got something wrong in my initial entry
	Delete sentences I have stored on the app	I no longer store sentences I don't want to practise anymore
	Have the ability to store mastered phrases and in practice phrases in different sections of the app	I can focus on the phrases I'm less comfortable with but I don't need to delete ones that I have learnt if I don't want to
	Be able to filter my phrases by tags, difficulty level, target language	I can focus on specific themes that I want to practise at a particular time
	Be able to play a random sentence rather than one I have selected myself	Test myself and not choose sentences that I know I know
